

Who Is KARE for Kids, Inc.

What We Do...

Simply Stated, KARE takes care of our children by addressing their needs. KARE uses the funds they raise to provide necessities to the children of Dawson County. Among some of the items KARE has purchased over the years are: winter coats, shoes, clothing, medicine, eye glasses, educational resources, summer school fees, toys, etc. With the exception of Christmas, these needs must come to KARE in the form of a referral from the school or other agency. During Christmas each child gets 3 complete outfits, winter coat/hat/gloves, pair of shoes, package of socks and underwear, and 3 Christmas wish list items

Our History

In January 1993, a group of seven individuals sat at a table in the Dawsonville Pool Room to discuss forming an organization to pick up the efforts of the local Jaycee chapter's Empty Stocking Fund. These concerned citizens agreed first on the mission of the organization and secondly on the name of the organization. The mission- to help children in Dawson County- has never changed but grown stronger each year. The Board took the question to the Elementary schools and asked the children. From their suggestions, the name KARE for Kids, Inc. (Kids Are Really Equal) was decided upon and the mission continued.

The organization began with only the assets of the Jaycee's- tables, signs, etc. used to produce the annual Moonshine Festival. As the year's past, the festival grew to become one of the most well-known activities in the North Georgia area. This generated funds that continued the effort of providing support for underprivileged children in our community. The spirit of giving spreads quickly throughout the Dawson County community and the mission of KARE for Kids, Inc. grew as the needs were presented. The volunteers have done an excellent job of organizing the effort, making changes to policies to make sure that the best interests of the children of Dawson County are upheld and built upon. KARE for Kids, Inc. members, board members, and volunteers are consistently striving to maintain an organization open to positive change and growth, along with cooperation of the community and various organizations. It takes everyone working together to be most efficient and beneficial to the children. KARE is proud to be partners with Family Connection and the Dawson County Family & Children's Services. Our overall mission is vastly embraced in Dawson County and stands behind the vow to make our community a brighter place, one child at a time!

KARE for Kids, Inc is a 501c3 non-profit organization that provides for children in Dawson County. Our organization depends on the generosity of Dawson County and the tireless work of its volunteers. All that is asked of the volunteers is to have a big heart and a true compassion for children. They are all stretched very thin, so KARE members welcome all available volunteers with open arms.
